

# DISTINCTLY D1®

Our precision engineering is evident in every detail of every hot tub we sculpt. derived from a thirst for knowledge and a love of the latest technology. With over 40 years of pushing the envelope of what a hot tub should be, we have integrated intelligence, utilized the most durable materials and given you more features that give you exactly what you need.

## METICULOUS RESEARCH

The science of Hydronomics™, created by Dimension One Spas® engineers and design experts, is the study of hydrotherapy and ergonomics to create seat combinations and jet configurations that offer a complete head-to-toe experience in every spa we design. From where we place jets at your feet to how jets are positioned on your neck, we have examined every detail so you don't have to.

## WATER QUALITY THAT EXCEEDS INDUSTRY STANDARD

The Dimension One Spas® patented system gives you crystal-clear water you won't find anywhere else by limiting the amount of time you spend on water maintenance while also limiting the amount of chemicals you buy and use.

### ULTRAPURE™ PLUS (Bay™ Collection)

Utilizing the same technology as the drinking water purification processes in Europe, the UltraPure™ PLUS water management system introduces ultraviolet light in addition to mixing ozone and water three times to create the most effective system available. UV light comes in contact with eight gallons of water per minute, diligently neutralizing any remaining impurities. The dual filtering method also allows for the water management system and fountains to run separately and quietly, cleaning the water while you use your hot tub.

### ULTRAPURE™ (Reflections® Collection)

Improving upon the industry standard, D1® offers the patented UltraPure™ water management system. This hot tub filtration system mixes ozone and water three times to ensure ozone comes in contact with every drop of water to provide the purest water possible, 24 hours a day.

### CLEARZONE® PRO (@Home® Collection)

As the pioneers of the use of ozone in hot tub water care, we know that not all ozone systems are created equal. Through the use of this natural, oxygen-based system, ClearZone® PRO significantly reduces the need for chemicals by fighting and oxidizing impurities 47% more efficiently than standard ozone systems.

## DIMENSION ONE SPAS® FEATURES

### SMARTHUB™ CONTROL

The SmartHUB™ glass touch control manages your hot tub's major functions in seconds with a large touch screen that uses smart touch technology making it easy to swipe and use even with wet hands. Also compatible with the optional D1® SpaIQ™ app to control your spa from anywhere.

### FLEX THERAPY PILLOW™

The newly redesigned Flex Therapy Pillow™ features adjustable neck and shoulder jets unlike any other brand in the industry. These patented jetted pillows are easy to reposition to just the right height whether you are 5'2" or 6'5".

### LIQUID FX™

Liquid FX™ incorporates lights and water to engage your senses, with models showcasing one-of-a-kind interchangeable fountains and water features. Available in the Bay™ and Reflections® Collections.

### DYNAMIC MESSAGE SEQUENCER™

The Dynamic Message Sequencer™ features individual controls and six preprogrammed massage combinations to target different body zones, giving you the option to customize speed as well as pausing the succession.

# DIMENSION ONE SPAS® FEATURES

## TERRACINA™ SKIRTING

The natural wood tones of the durable Terracina™ Collection create a hot tub exterior unmatched in beauty that you will enjoy for years to come. Optional upgrade on all models.

## ULTRALOUNGE™

Every UltraLounge™ delivers head-to-toe therapy utilizing precision angles to keep your body in the perfect position to reduce buoyancy so you don't float out of your seat.

## PATENTED ADJUSTABLE JETS

Varying the power of your massage is easy with patented jets featuring an adjustable design that makes it easy to grip and turn underwater.

## STATUS LIGHT

Integrated into the outside of your spa, the LED-lit logo quickly communicates the status of your hot tub, indicating whether your hot tub is ready or needs attention such as routine maintenance.

# BAY™ COLLECTION

## AMORE BAY®

The design and creation of the Amore Bay® Spa was inspired by love and the classic heart shape. This spa is large enough for up to seven adults and also boasts the only model in the Bay® Collection to feature bench seating to make it easy to move around.
